## FINAL TOUCHES ON COVENANT

FINAL DRAFT WILL BE SUBMITTED TO COMMISSION SATURDAY.

By the Associated Press

PARIS, April 3.—The drafting committee of the League of Nations commission has finished its work but it has not passed on the French amendments to articles eight and nine as well as American and Japanese suggestions as to recognition of the Monroe Doctrine and equality of nationalities. The commission will meet Saturday to adopt the definite text of the covenant. President Wilson will be chairman.

## GERMAN TROOPS IN FRANKFORT

FORCES SENT TO PUT DOWN DISORDER. MANY KILLED IN RIOTS.

By the Associated Press

COBLENZ, April 3.—German troops opposite Coblenz bridgehead began moving early Thursday towards Frankfort where the Spartacist revolt has been causing disorder. Frankfort is in the neutral zone and the military authorities of Germany had to obtain permission from the French Tenth army before marching on the city.

According to information reaching American headquarters here, the trouble reached a serious stage Tuesday several hundred persons killed in course of the rioting.

Threatening Situation at Stuttgart. BERLIN, April 3.—The Vossische Zeitung says the streets of Stuttgart are filled with great crowds and that there has been much shooting. The newspaper adds that the motor cars, police and whole companies of troops.

## HINDENBURG STARTS ROW

HUN CHIEF ORDERS MOBILIZATION, CONTRARY TO ARMISTICE TERMS.

By the Associated Press

GENEVA, Switzerland, April 3.—Field Marshal Von Hindenburg, with a large staff, has arrived at Gliwice, Northern Silesia, and contrary to armistice terms has ordered a general mobilization in that region, according to dispatches to the Journal De Geneve. Owing to the seriousness of the situation the Polish premier, Paderewski, has postponed his contemplated visit to Paris.

## CIVIL WAR IN ABYSSINIA

GRANDSON OF KING JOHN ATTEMPTS TO SEIZE THRONE OF AFRICAN EMPIRE.

By the Associated Press

ADDIS ABEBA, Abyssinia, April 3.—A grandson of King John II, who was killed in battle with the Dervishes in 1889, has revolted and declared himself king under the name of Theodore. The government has sent a punitive expedition to put down the rebellion.

On the death of King John his son Menilik succeeded to the throne and put down all opposition in a short time. He was a man of unusual ability and among other things defeated the Italians when an army was sent to subjugate the country, thus maintaining its independence. On his death a few years ago he was succeeded by a daughter.

The royal family of Abyssinia claims to be descended from a son of King Solomon and the Queen of Sheba, asserting that their country was the Sheba of Bible times.

## VOLUNTEERS FOR EUROPE

PERSHING ORDERED TO RETURN MEN AS VOLUNTEERS ARRIVE.

By the Associated Press

WASHINGTON, April 3.—Informally advising General Pershing that 50,000 volunteers are being enlisted here to replace an equal number of men in his army who want to come home, the War Department has directed the commander in chief in a cablegram made public today, to return promptly for discharge selected meritorious cases as he receives volunteer replacements. The 50,000 men are to be enlisted for three years and will be as follows: 25,000 infantry, 15,000 field artillery, 5,000 engineers, 2,000 for the medical department and 2,000 cavalry. These will be sent over seas in detachments of 1,000 each. On the arrival of each 1,000 an equal number of selected cases will be returned to the United States for discharge.

## OFFICERS AWARDED SERVICE MEDAL

WASHINGTON, April 3.—The list of officers who have been awarded the distinguished service medal for exceptionally meritorious service during the war issued by the War Department today, includes the names of Major Generals Leonard Wood, Hugh L. Scott and John F. Morrison.

## FEW SOLDIERS WANT TO RETURN TO FARMS

DALLAS, April 3.—The number of positions opening for returned soldiers continues to keep pace with the number of men returning from service and registering for work. The number of men registering at the service department of the Y. M. C. A. has now reached 600, since the opening of the office last winter.

"I find a strong inclination on the part of men from neighboring towns and rural districts, who served through the war in Dallas companies, to seek work in Dallas, so that they will not be separated from the men with whom they trained and fought," said S. F. Davis, in charge of the bureau. "Evidently very strong ties of friendship are formed between 'muddies' in the army."

From the number of soldiers formerly from the country who want work in Dallas it appears that few men who have been in the service want to go back to farms. I try to encourage all applicants to take farm work, but usually without much success."

W. F. Coleman of the War Camp Community Service Bureau, at Commerce and Murphy streets, said they are finding work in Dallas for some seven or eight returned soldiers every day. He is not apprehensive in the least as to all the returning soldiers securing jobs.

Each of the above offices are branches of the United States Employment Service and their assistance to soldiers is without charge. Only soldiers receive attention at the Y. M. C. A. At the War Camp Community Service office civilians as well as soldiers are assisted in finding work.

## REGISTRATION NOT REQUIRED FOR SCHOOL ELECTIONS

According to a ruling of Attorney General Freezing, registration of voters is not necessary for school elections.

## RHINE BANK TO BE HELD

FRENCH AND BELGIAN GUARANTEES WILL BE MAINTAINED PENDING SETTLEMENT.

By the Associated Press

PARIS, April 3.—The council of four has virtually decided, according

to information from French sources, that the left bank of the Rhine will be neutralized until Germany has paid the indemnities fixed by the peace conference. It is understood that French and Belgian troops will hold this territory, the United States claiming it will be impossible to leave American troops in Europe after the signature of the treaty of peace and England having insufficient troops to maintain garrison along the Rhine.

## Prohibition by Agreement.

By the Associated Press

LOUISVILLE, Ky., April 3.—Prohibition by agreement became effective today in Christian county, Ky. After an election on the prohibition question had been proposed, the liquor dealers, in view of the approach of national prohibition, consented to discontinue sale of liquor on April 1.

The effect of the novel experiment, which authorities say was never attempted before in America, will be watched with interest.

Under the agreement, the liquor dealers pledged themselves to aid in enforcing prohibition, and to use their influence against the issuance of new licenses by county authorities. If new applicants take action against county authorities to compel issuance of licenses, the old liquor dealers agree to bear fifty per cent of the cost of fighting such suits.

MRS. ALMIRA GRIFFIN

PASSES TO REWARD

Mrs. Almira Griffin, of Sayre, Oklahoma, died Tuesday at the home of her son-in-law, J. W. Harris, 616 West 9th street.

Deceased was 77 years of age. She embraced the Christian faith in early life, fought the good fight and had long waited to answer the summons: "Come unto Me, all ye that labor and are heavy laden and I will give you rest."

Dr. Chas. Evans was in the city today on business matters.

## TUNNEL TO CONNECT ENGLAND AND FRANCE

LONDON, March 13.—(Correspondence of The Associated Press.)—Intense interest has been aroused by the government's announcement

that the long rejected tunnel under the English Channel to connect England and France is soon to be constructed. The cost of the enterprise is roughly estimated at \$100,000,000. Some say the tunnel could be completed in 5 1-2 years.

A commission in Paris which has been discussing this project also is considering the building of tunnels under the Bosphorus connecting Europe with Asia and one from Gibralt-

tar connecting Europe with Africa.

The English Channel Tunnel Co. already has done a vast amount of work in anticipation of the resumption of actual construction of the tunnel to France. Engineering plans are said to be so far advanced that the work could begin at once.

With the exception of the Panama Canal, it will be the biggest engineering enterprise of modern times. The total length, including ap-

proaches in England and France, will be 32 miles, with more than 21 1-2 miles of it under the sea. The plans provide for two tunnels, each eighteen feet in diameter, connected by cross galleries at intervals of 200 yards. The maximum depth of water on the route is 180 feet, and a cover of chalk about 100 feet thick would be left undisturbed above the crown of the tunnel to provide against danger from enemy attack with submarine explosives. The tunnel's level below the sea thus will be about 280 feet.

Iron tubes will be built as the tunnel advances. The extraordinary advance made in tunnelling in recent years, especially in the United States will enable the engineers to proceed with great speed. The railway lines will be operated by electricity as in the case of the Simplon tunnel under the Swiss mountain of that name and which is 12 1-2 miles in length, the longest at present in the world.

Before the war the quickest service from London to Paris was in six hours 45 minutes. With the tunnel the journey could be made in six hours, whatever the weather.

Speaking of the problems of building the tunnel, English engineers say the sea itself offers no difficulty, that the only risk lies in the geological formations. The first layer under the channel is white chalk, and beneath this is a belt of gray chalk some 300 feet thick. The great question is whether the gray chalk is impervious to water.

The exact points for starting the tunnel have not been determined but expert opinion favors a spot just behind Dover and, in France, a point close to Cape Grisnez.

The tunnel will be capable of handling 30,000 passengers and 30,000 tons of goods each way in 24 hours. Ordinary railway rolling stock, including sleeping and dining cars, will be able to use the route.

SAFE, GENTLE REMEDY  
BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs, and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the loins and lower abdomen, gravel, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy

you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

**ROCKY CHAPEL.**  
We had Sunday school at Rocky Sunday morning and a good crowd was present.

Quite a crowd from here went to Franks Friday night to attend the entertainment. A good time was reported.

Miss Effie McKinley was a visitor of Miss Katie Sherrill Tuesday.

Miss Winnie Fears and little daughter Ada were visiting Miss Golden McKinley Tuesday afternoon.

Miss Delphia Smith was the guest of Miss Jewel Webb Wednesday.

Miss Euna Zumbro and Alex Zumbro went to Laxton Monday.

Mr. and Mrs. Rubrecht were visiting Mr. and Mrs. Sherrill Thursday afternoon.

Miss Golden McKinley spent the week-end with Mr. and Mrs. Rubrecht.

Miss Effie and Golden McKinley were visiting Miss Katie Sherrill Thursday afternoon.

Miss Euna Zumbro was the guest of Miss Lora Holt Thursday.

Edgar Holland was visiting Bud Creech Monday.

Mr. and Mrs. S. C. Smith and children were visiting Bud Creech Monday.

Miss Jewel Webb was the guest of Miss Delphia and Ida Smith Tuesday.

Miss Katie Sherrill had as her guest Tuesday Miss Effie McKinley. There is to be a big singing at

Rocky Chapel next Sunday. Dinner on the ground. Everybody invited.

Mrs. Ethel Ellis was the guest of Mrs. Tom Holt Friday afternoon.

Mrs. Ethel Ellis has gone to Ada to spend a week or two.

Mr. and Mrs. Boss Harrell were in Ada Saturday.

Miss Lora Holt went to Ada to spend a few weeks with Mr. and Mrs. Tom Emory.

Mr. Tom Holt was in Ada Saturday.

Mrs. Roach was visiting Mrs. Tom Holt Saturday afternoon.

The singing at Mr. Adam's was well attended Sunday night, and everyone reported a nice time.

Mrs. S. C. Smith spent the day with Mrs. Chatmans Sunday.

The little son of Ben Halsey has been ill for some time but is reported better at this writing. The general health of the community is good.

**LULA.**

The pie supper last Friday night was a decided success and netted \$29.15. Proceeds went to improve the school grounds.

A number of Lula folks attended the singing convention at Centrahoma last Sunday. All report a nice time with plenty of singing and plenty of dinner.

School boys and girls are making this clean up week and are busy cleaning the school grounds.

**QUESTIONNAIRE**

ANSWERS WHICH WILL SOLVE PERPLEXING PROBLEMS OF THIS RECONSTRUCTION ERA.

**Query.**—The government has launched an educational campaign to encourage building in order to put more men to work. Would not a similar movement to show how the old structures can be best and most economically repaired and made good as new also help?

**Answer.**—It is learned that such a plan is in effect and is linked directly with the Washington propaganda.

Industry must be turned back from works of war to the ways of peace. Employment must be found, in the meanwhile, for those whose occupation has been interrupted. There is no real surplus of labor in the United States. Rather there is a shortage, which would be acute if normal conditions were already restored, and one step towards restoring them will come with resumption of repair work.

Government restrictions, imposed by the necessities of the war program, have for many months past retarded or altogether prevented construction, improvement and repairs. These restrictions are now off, and there is scarcely a town, a city, a factory, a dwelling or a farm that does not reveal a crying need for prompt attention. Nothing delays such instant action except the feeling that prices are high for the time being and may be lower.

That is not logical. No matter what it costs to repair, the cost is less than the cost of neglect. No matter what the cost of paint, the wind and the weather will collect a higher bill in deterioration and decay.

**Query.**—What do you think of paint as an investment, aside from the appearance it lends? Does it really PAY to paint a house regularly, say, every three or four years?

**Answer.**—Good paint properly applied when needed is the main thing in making a house last long and well. A house worth \$2,500 can be painted at a cost of about \$125. In 60 years that house will need about 15 paintings, the total cost of which will be \$1,875. Left without paint, such a house would fall into complete ruin in 30 years. So taking 60 years as a basis for our figures we find that with paint a home will last that time in good condition and will cost, plus paint, \$4,375. Without paint the house would have to be rebuilt at the end of 30 years and would be ready for another complete renovation when the sixtieth year arrived. Cost, without paint, \$5,000 for a home ready to fall to pieces. Does regular painting pay? As the old Dutch adage says:

**"PAINT PAYS FOR ITSELF."**

**Query.**—I have a quantity of old paint on hand. Can I use it for the first coat in repainting my barn?

**Answer.**—On no account should old paint which has become fat be used for priming either old or new work. Old paint in that condition is best used on a fence, brickwork or tinwork. If you value your barn sufficiently, to paint it, do it the justice of a good job.

**U. S. Invents Anti-Rust "Dope."**

Incident to the war, the government has faced the problem that has so long proved baffling to commercial concerns of protecting iron and steel from rust. In an attempt to solve this federal specialists have perfected various forms of protective coatings. In this connection it may be pertinent to ask whether commercial uses will not be found also for the so-called "dopes" which the government has invented to be applied to airplane wings and which are possessed of valuable weather-resisting and fireproof qualities.

**EFFECT OF COLOR UPON THE DURABILITY OF PAINT.**

Property owners who may have under consideration the painting of dwellings and other structures should remember that more durable results are obtained when tinted paints are used. Permanent coloring materials which have been ground by machine into a high grade white paint base have the effect of preventing "chalking" and "checking," two defects which are often observed when white paints are used.

**PLEASANT HILL.**

G. W. Allen and R. L. Zumbro went to Franks Thursday on business. Mr. Lamb was seen dragging the road Wednesday. He is looking after this part of the road with great interest.

G. W. Allen happened to bad luck Tuesday when one of his work horses ran into the wire fence and broke his neck.

Miss Goldie McKinley is visiting Mrs. J. A. Rubrecht.

Grandma Fuller has not been at all well since she had the flu.

My! These warm days are making General Green come to the front.

Farmers are busy now preparing their cotton land and getting ready to fight the corn.

Wheat and oats are fine in this part of the country.

Our school is progressing nicely and the pupils seem to be well pleased with their teachers and are learning rapidly. Miss Rockwell has near 70 pupils while the principal does not have so many.

Rev. Miller of Fitzhugh preached Sunday and Sunday night at Pleasant Hill and will continue to preach every second Sunday thereafter. Everyone is invited to come and bring someone with you. You are also urgently requested to attend Sunday school.

Mr. and Mrs. Allen visited Joe Fox and family Sunday.

Misses Davie and Pauline Allen and Miss Minnie Fox spent Sunday with Miss Willie Jackson.

Health is still good in our community.

Miss Mollie Fuller is visiting her brother on Sheep creek.

Miss Pearl Kainade of Ada, is visiting her grandmother Fuller this week.

The farmers here have a smile on their faces that won't wear off as long as prospects for a crop are as good as they are at the present writing. We have the brightest outlook for a grain crop of every kind that we have had for years.

T. Bunton and Joe Zumbro and family are visiting R. L. Zumbro the latter's father.

## LONG WEAR AND ECONOMY

"Last year I purchased a standard make of shoes, and in sixty days the soles were worn through. I had them re-soled with Neolin Soles—which lasted me six months in the same service that wore out the other soles in two," writes E. A. Lancaster of Lancaster & Company, jeweler, Greenville, Tenn.

Neolin Soles are created by Science to be comfortable and waterproof as well as long wearing. Good repair shops carry them. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

## CUMMINGS GRANTED BAIL FOR \$15,000

The preliminary hearing of W. D. Cummings, charged with killing Tom Cagle near Allen, was held before Justice Brown Wednesday afternoon. He was held without bail and later on application to the district court on a writ of habeas corpus was granted bail in the sum of \$15,000 by Judge Bolen.

## CARING FOR RETURNED PRISONERS OF WAR

PARIS, April 3.—What it cost to feed, house and supply the returning allied prisoners who arrived via Metz and Nancy has just been estimated. The first installment saved expenses as far as railroad fares were concerned by traveling on foot, many of them made the long journey from "within the German lines," to Nancy even without shoes.

When the long trains from the big German prison camps began to arrive in Metz the French Red Cross and the American Y. M. C. A. met the "prisoners repatriees" at the station and conducted them to Fort Goeben hospital, which, although it was designed as a medieval barracks rather than a hospital for men who had subsisted on prison bread and cabbage soup for months, was the most convenient and practical place to shelter them.

The stoves which had once belonged to the German Q. M. department were moved out into the court yard of the caserne and hot chocolate enough to feed several thousand men was prepared three times a day. The supplies furnished by the American Y. M. C. A. totaled 6,812 francs. Given free to the prisoners were 171,728 cigarettes, 1,000 packages of biscuits, 1409 cakes of soap, and used in the preparation of the chocolate were 400 pounds of sugar, 400 pounds of cocoa and 960 cans of milk.

Administered through the American Y. M. C. A. were thousands of francs worth of supplies given by the British government for the use of the allied released prisoners; 7,500 bread rations, 6,000 canned beef rations, 700 pounds of pea soup stock

3,000 rations of pork and beans, 375 pounds of bacon, 312 pounds of sugar, 187 cans of milk and 800 boxes of cigarettes.

The condition of the Russian prisoners was the most desperate. At Chateau Seline several thousand were cared for until they were strong enough to continue their journey. Mr. O. C. Kimball, of Hillsdale, Mich., who was in charge of the Y. M. C. A. work both at Chateau Seline and Ft. Goeben, distributed the following supplies which were sent to him by the American Red Cross at Toul and Nancy: 3,210 pairs of socks, 10 sweaters, 20 trench outfits three bundles of shoe strings, 189 penholders, 24 dozen pencils and two lanterns.

Since no one knew how or when the allied prisoners would return, their arrival was bound to be chaotic and unexpected. All allied governments and war organizations pooled their resources until the situation could be cared for in a systematic manner. The work of Mr. Kimball was especially resourceful and enterprising.

## VALUE OF FARM LANDS RISING

By the Associated Press

WASHINGTON, April 3.—Farm lands in the United States are steadily increasing in value. The Department of Agriculture reports the average grade of plow lands was worth about \$74.31 per acre on March 1 this year, compared with \$68.38 a year ago, \$62.17 two years ago, and \$58.39 three years ago.

Values show the greatest percentage increase during the last year occurred in the South Atlantic States, in the Carolinas and Georgia and extended to Alabama, Kentucky and Arkansas. Small or no increases were made in the New England states, the Pacific coast states, and Louisiana, Texas, Kansas and Montana. Material increases were reported from Nebraska and South Dakota.

Iowa's plowing lands stand first in value, her average being \$169 per acre, followed by Illinois with \$144, California with \$121, and Indiana with \$100. Alabama reports the lowest average value of plow lands, at \$24 per acre, and Mississippi next, at \$25.50.

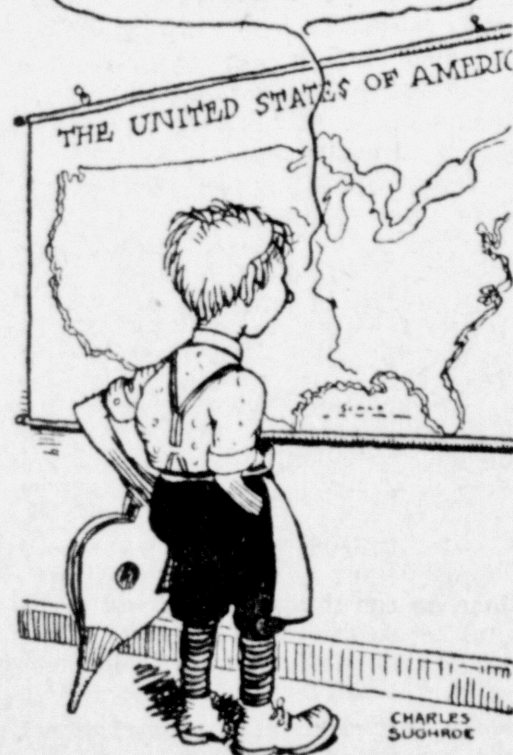

## THIS DRUGGIST WAS HONEST.

Some time ago I went into the drug store of Gerke Drug Co., Evansville, Ind., and the following conversation took place between Mr. Gerke and myself: "Theodore, how does it come that you sell so much more 'Number 40 For The Blood' than these other druggists around here?" Mr. Gerke answered: "A year or so ago my wife came into the store and said she was going to take a blood medicine. She looked over the kinds I had on the shelf and I reckon you put up the best 'spiel,' when she took a bottle of 'Number 40.' After taking it a while she gave it to our boy and one day I was complaining of 'that tired feeling' and she said, 'Here, I will do you on 'Number 40' and she did and it did me so much good I have been recommending it to my customers since and buy it in gross lots."—J. C. Mendenhall, 40 years a druggist, Evansville, Ind.

The ingredients entering into "Number 40" are set down in the U. S. Dispensary and other medical books as follows: "Employed in the diseases of the glandular system, in blood poison, scrofula, chronic rheumatism, catarrh, chronic constipation, stomach and liver trouble. Under its use sores, ulcers, nodes, tumors and swellings that have withstood all other treatment disappear as if by magic."—"Number 40" is sold by Gwin & Mays Drug Co.

MICKIE SAYS

THEY MAY BE SOME PLACE WHERE THEY DO BETTER JOB PRINTING THAN WHAT WE DO IN THIS OFFICE, BUT I CAN'T FIND IT ON THIS MAP!

A "system regulator" is a medicine that purifies and strengthens the liver, kidneys, stomach and bowels. Prickley Ash Bitters is one the best of these. It drives out unhealthy conditions, promotes activity of body and brain, restores good appetite, sound sleep and cheerful spirits. Gwin & Mays Drug Co., Special Agents. Price \$1.00 per Bottle.

## DAILY HEALTH TALKS The Many Mysteries of Nature

By L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiarly strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rhubarb seed and get something that helps constipation. No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue yohim root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial pkg. Tablets. (Adv.)

## CHINA HAS A VERY IMPORTANT ROLE

PRACTICALLY ONE HUNDRED AND FIFTY THOUSAND COOLIES SENT TO FRANCE.

What optimist a generation ago would have thought that backward China would have a hand in the settlement of a world war? But China is having a very important role in the great war that is just being brought to a close. Not as soldiers—fighting men—but as laborers behind the front line trenches. And just so many allied troops have been released for other duties. Practically one hundred and fifty thousand of these coolies have been transported by way of the Suez to France. This work has been done under the direction of the British Government and Church Missionaries. Among these missionaries are many of the Methodist Episcopal Church, South, which is just finishing the details of its campaign May 18-25 to secure \$35,000,000 to further work of the kind that is being done in France and other places.

BANDING TOGETHER TO SPREAD GOSPEL

Nashville, Tenn.—One hundred and forty thousand Southern Methodists have signified their determination to pray for the success of the missionary work of the M. E. Church, South, and for the spread of Christianity throughout the world. These people have not only decided to do this, but have banded together in a league known as the Fellowship of Intercession, each signing a small card which it is thought will make the cause for which they pray more definite in the minds of the signers of the cards.

Dr. S. A. Neblett, secretary of the Department of Intercession of the denomination, stated to a reporter that the way in which the prayer cards were coming in was an inspiration. From two thousand to five thousand of these are opened in the mail every morning, the number of 140,000 representing the complete total up to date.

FIVE HUNDRED WOMEN WANTED

Nashville, Tenn.—Five hundred young women are wanted at once by the Women's Missionary Council of the M. E. Church, South. They are wanted for services and missionaries of the church in both the home and foreign fields and the best type of womanhood is asked for. Women to whom the desire to serve has come very keenly, women whom the spirit of the hour has gripped earnestly, this is the type with whom the church wishes to make connection for various forms of missionary endeavor.

The particular forms of missionary work open to the young women of the South are in the medical, evangelistic and educational departments in the mission fields. One hundred and fifty are wanted as evangelists and deaconesses; two hundred and fifty are wanted as teachers and one hundred are wanted as doctors and nurses. The call has particularly gone out for young women of college education in order that they may be able to grasp quickly the leadership in the work which the church needs.

The calling of these young women is made possible through the Centenary of the church which is being observed this year. A fund of \$35,000,000 will be raised soon, and this money will make possible the sending of many missionaries to Africa, Japan, China, Brazil, Mexico, Cuba, Korea and in the home field.

Centenary M. E. Church South. ARTICLE B MARCH 21, 1919 Let a Want Ad get it for you.

From Ullman Brandon. Lamalau-Les-Bains, Feb. 25.

Dear Home Folks: Will drop you a line to let you know I am still making it dandy. I am now at a little town in southeastern France not far from the Spanish border. I am on a fourteen day furlough. This town is in the Pyrenees mountains and is a swell winter resort. There is sure some keen scenery around here. We have a fine climate, warm and pleasant. The fruit trees are all in bloom. We can look up in the mountains and see snow at all times. I am now about 450 miles from where the 36th division is located.

We sure had a swell trip coming to this place; saw lots of pretty country. About 100 miles of our trip was along the banks of the Rhone river. I believe this was the most beautiful river I have ever seen. Along its banks are many chateaus surrounded by parks covered by grass and different kinds of tropical trees. I am now located about 26 miles from the Mediterranean Sea. A crowd of us are going down to the coast Sunday. We have a large Y. M. C. A. and entertainment hall, a good brass band, plenty of the other necessities of a swell time, so you can imagine we are over looking none of these things while on this furlough.

I saw Erman Burnett last night. He is also on a furlough down here

Influenza and kindred diseases start with a cold.

Don't trifle with it. At the first shiver or sneeze, take

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with Mr. Hill's picture. At All Drug Stores

and says he is having a swell time. None of the other boys from Ada are down here at this time. I must close as a crowd is going up in the mountains this afternoon and I want to go along. Will write again in a few days. CPL. ULLMAN BRANDON, Co. F, 142 Inf., A. P. O. 796, A. E. F.

## Election Proclamation.

Under and by virtue of a resolution passed by the Board of Education of the City of Ada, State of Oklahoma, at a meeting held on the 25th day of March, 1919, public notice is hereby given:

That a special election is hereby ordered and proclaimed to be held in the city and the territory annexed thereto for school purposes, on the 8th day of April, A. D. 1919, for the purpose of submitting to the qualified voters of said school district the following proposition:

"Shall the Board of Education of the City of Ada, State of Oklahoma, be authorized to issue its negotiable five per cent coupon bonds to the aggregate amount of \$50,000.00 to provide funds for the purpose of purchasing site and erecting building and equipment in and for said school district and to levy and collect an annual tax in addition to all other taxes, upon all taxable property in said school district comprising said city and territory annexed thereto for school purposes, sufficient to pay the interest on said bonds when due and to constitute and maintain a sinking fund for the payment of said bonds as the same mature?"

The polls shall be opened at six o'clock A. M. and closed at seven o'clock P. M.

The number and location of polling places shall be as follows:

Ward No. 1.—City Hall, Police Court room.

Ward No. 2.—News Office, N. Broadway.

Ward No. 3.—Ellis & Son's Furniture Store, West Main.

Ward No. 4.—Ada Marble & Granite Works, 217 W. 12th.

All voters residing outside of the city limits of said city of Ada, State of Oklahoma, and within the territory annexed to the said city for school purposes may vote at the place above designated.

The following persons are hereby designated to conduct said election:

Ward 1.—Jno. W. Beard and Wyatt Webb, Judges; C. M. Chauncey and H. P. Sugg, Clerks.

Ward 2.—T. O. Collins and R. L. Holcomb, Judges; W. B. Fretwell and P. T. Drummond, Clerks.

Ward 3.—Robt. Ellis and Martin Hively, Judges; C. W. Graves and F. S. Houpt, Clerks.

Ward 4.—E. S. Collins and J. W. Peay, Judges; O. J. Davidson and G. T. Lancaster, Clerks.

Said officers will and shall act as counts.

Witness my hand and official seal as Mayor of the City of Ada, State of Oklahoma, affixed in said city this 25th day of March, 1919.

(Seal) GARY KITCHENS, Mayor.

attest: W. B. JONES, Clerk.

3-26-1919.

## Notice of Assignee's Sale.

By virtue of an assignment made by the Jones Fair Store Company to me, I will on the 11th day of April, 1919, at 10 o'clock A. M. offer at public sale and sell to the highest bidder for cash in hand, the following described property, to-wit:

All of the goods, wares and merchandise and fixtures of the Jones Fair Store Company now in the Tobias building one door west of the Guaranty State Bank in the City of Ada, Oklahoma, including all property now in said building delivered to me by and under the terms of said assignment.

All prospective bidders will be given an opportunity to examine said stock of goods on application to me.

Dated this 31st day of March, 1919.

W. C. DUNCAN, Assignee.

# HOW CLEOPATRA'S NEEDLE WAS SAVED

New Process Invented to Preserve Surface of Monolith in Central Park.

HIEROGLYPHS OBLITERATED.

Rigors of Western Climate Caused Khedive's Gift to Disintegrate. Painting Ancient Obelisk With Special Preparation Stopped Decay—Ruined Portions Restored.

New Yorkers awoke one morning to find in their breakfast headlines the news that a zealous park employee had discovered signs of disintegration on the surface of the city's most treasured antique—Cleopatra's Needle. Photographs revealed that the monolith was peeling, large pieces of sandstone having fallen from the tall shaft, carrying with them part of the prized hieroglyphs.

London's twin sister of Cleopatra's Needle was reported as resting comfortably and enduringly on the banks of the Thames, and the rival port wondered whether a preparation would be found to stay the attacks of their harsher climate.

Such a preparation was soon forthcoming. A new paint combination as a preservative for stone was invented.

## THE OBELISK.

The Obelisk was presented to the City of New York by the Khedive of Egypt.

Lieutenant Commander Goring, U. S. N., after a three years' effort, obtained possession of it and moved it to its present position, at an expense of nearly \$100,000. It was finally swung into position at noon, January 22, 1881.

The height of this monument, from base to tip, is 69 feet, 2 inches. The measurement of the base, square through its axis, is 7 feet, 8 1/2 inches. The entire weight of the monolith is 219 1/2 tons.

Since it was quarried near the torrid zone, it has traversed the entire length of Egypt, most of that of the Mediterranean Sea and the width of the Atlantic Ocean—a distance of 8,400 miles—proving itself a first rate traveler for one whose age has exceeded thirty-five centuries. In the course of its existence it has seen Pharaoh and his host going to their destruction in the Red Sea, Shishak marching into the Court of Jerusalem, Canaanites despoiling the land, Herodotus, Plato and other Greek students engaged in pursuit of Egyptian lore, Alexander, the Great on his victorious expedition through the land of Goshen; six and a half centuries of Roman sovereignty and Christian struggle at Alexandria; all the long line of Moslem rulers since Caliph Omar, and now, leaving all other native lands looking up on the million dwellers in this metropolis, whose site was in existence for two thousand years.

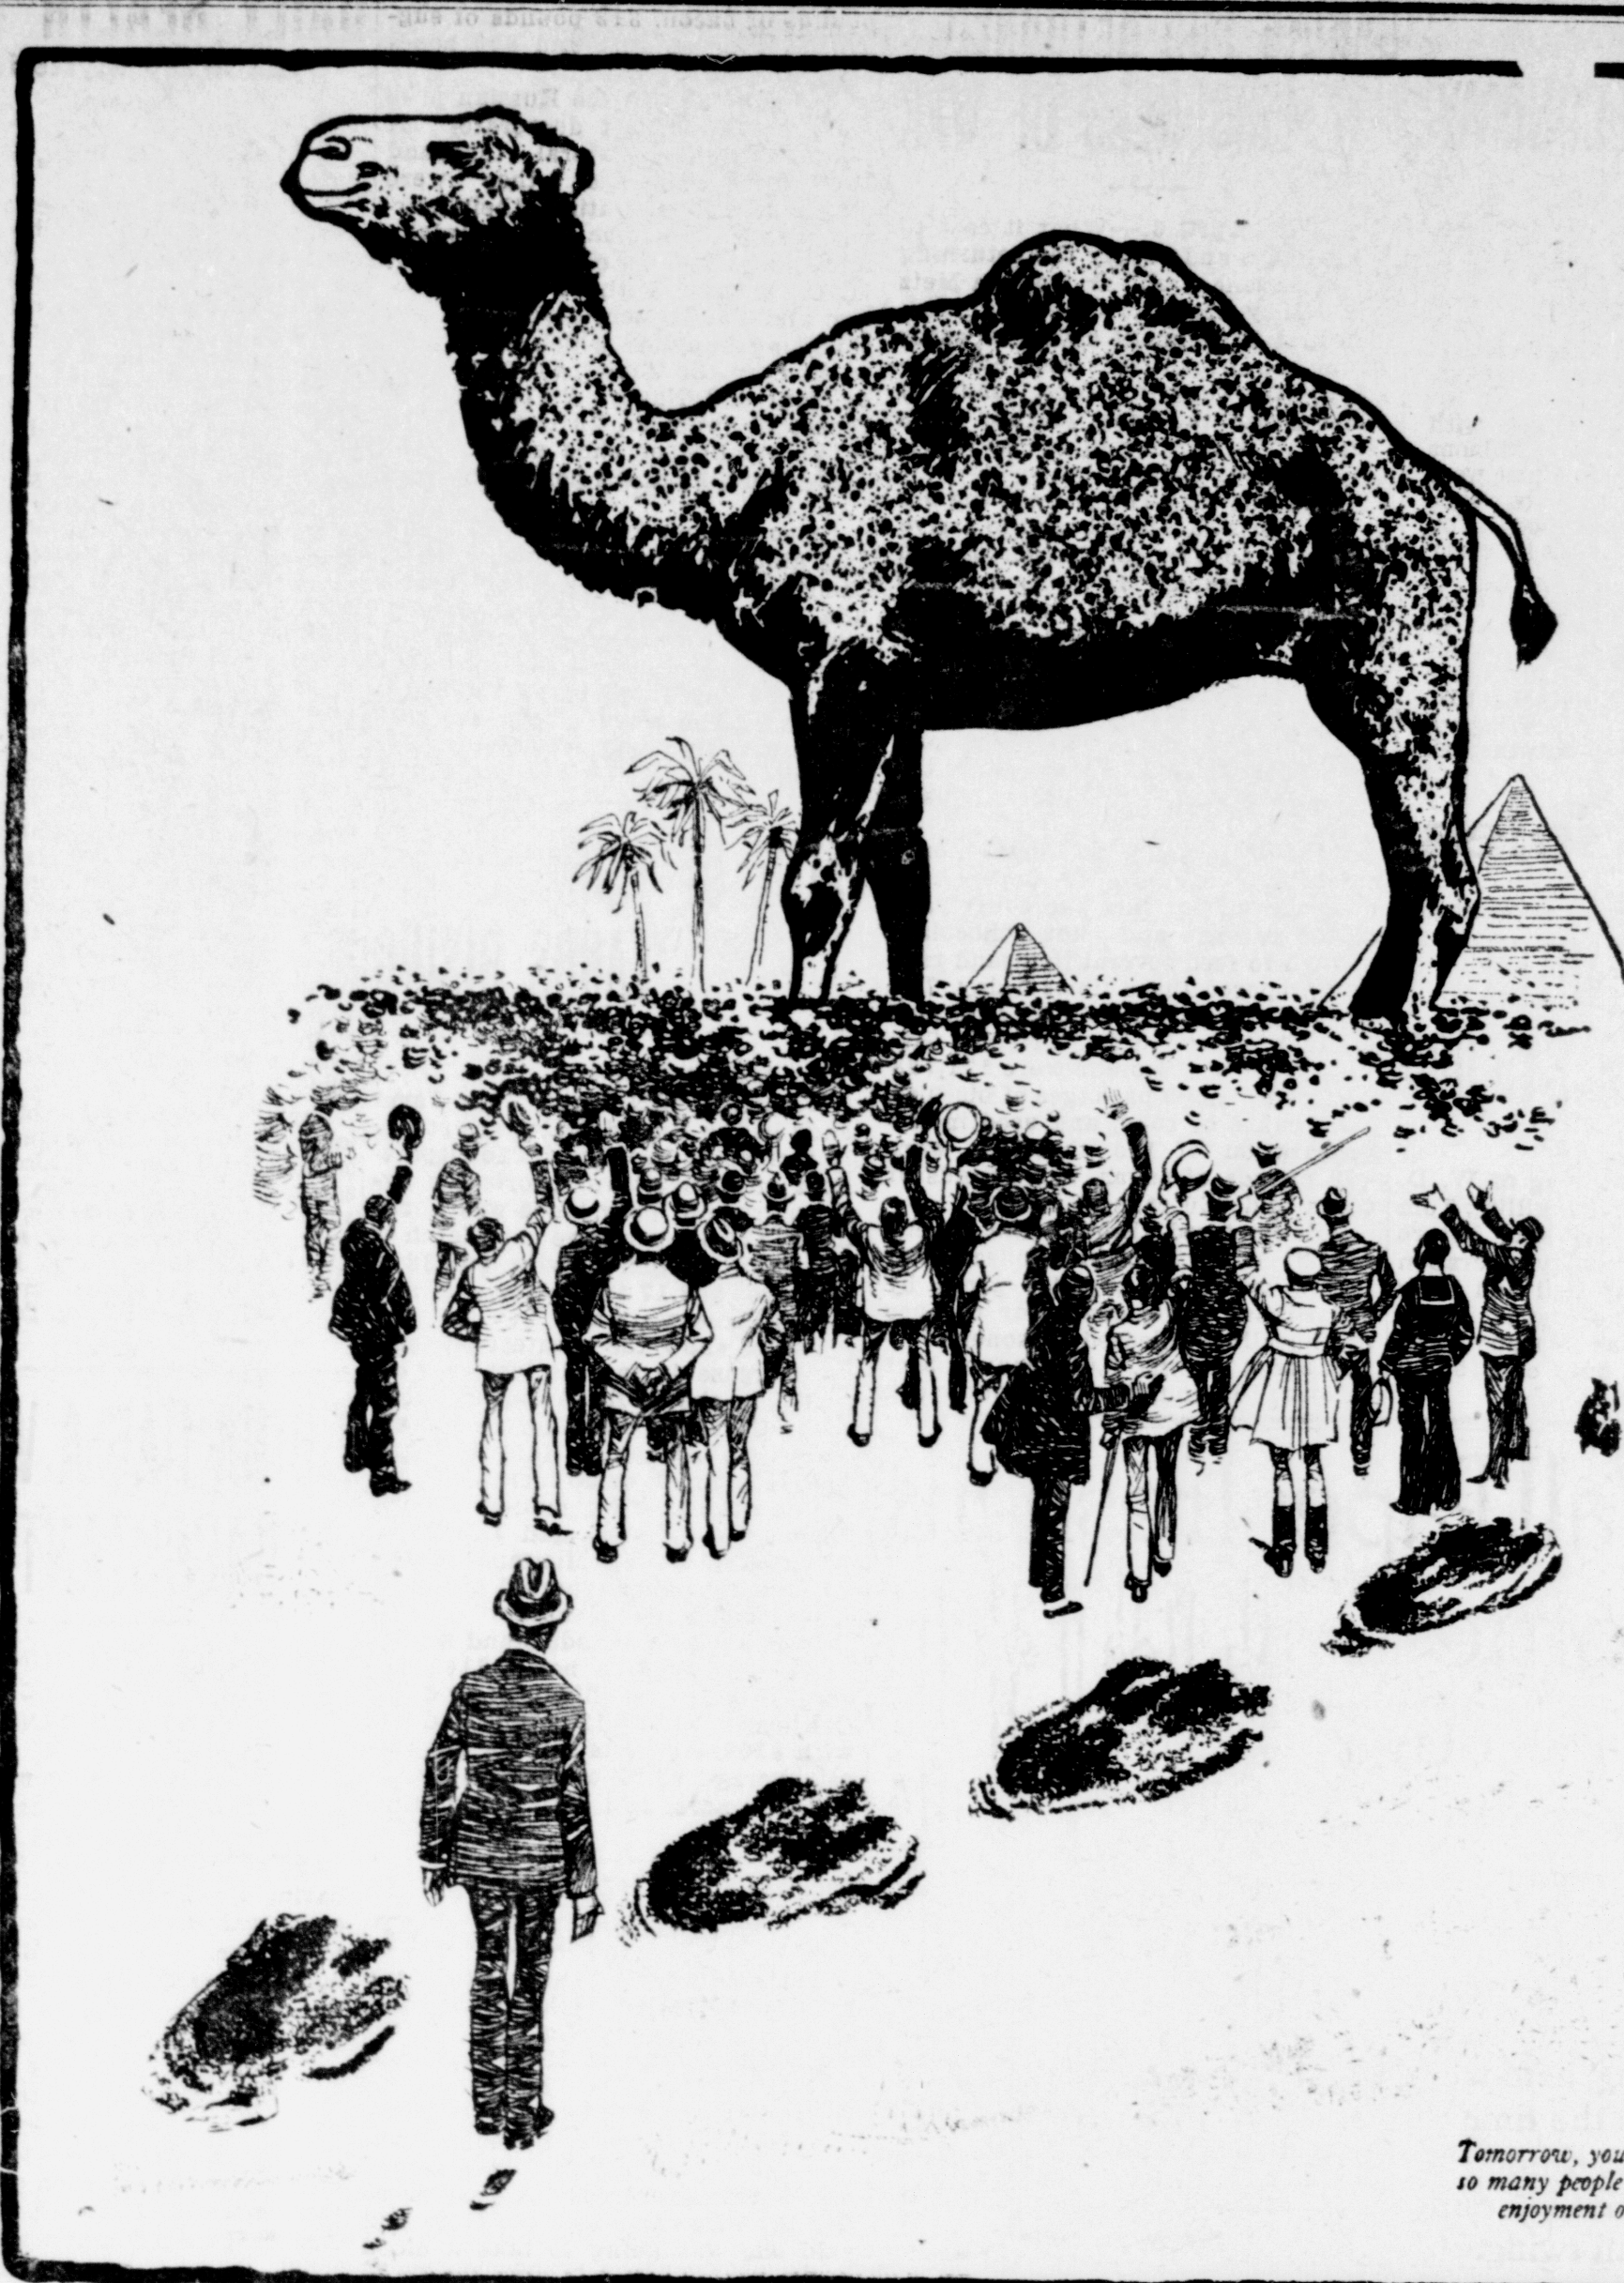

By Dr. William Kuckro, chemist of the Metropolitan Museum of Art. Many years previous coating with paraffin had been tried, but the application had not entirely accomplished its purpose. The new painting process, however, proved a success. Disintegration was halted and the damaged parts restored. New York breathed easily again.

## PAINT PROTECTION AND ITS ECONOMY.

The preservation of structural materials, which may be obtained through the application of paint, constitutes a most vital means of furthering the conservation of our natural resources. It is, moreover, the most economical method of sustaining the appearance and general upkeep of any community.

A structure coated with sheets of India rubber would not be as well protected from decay as a structure coated with a good oil paint. This is due to the fact that a sheet of rubber is not so durable or as waterproof as a thin dried film of paint. The latter material when applied dries to a continuous elastic film containing finely divided particles of metallic wear resisting pigments. A square foot of such a film upon a wooden surface costs less than a penny, yet it will beautify and protect a dollar's worth of surface for many years. This is a low rate of insurance.

Dwellings, barns, outbuildings, sheds, posts, fences, stock enclosures, wagons, implements, windmills and other structures, whether of wood, iron or cement, should be preserved, through the use of paint, from rapid decay. High grade paint may be used successfully for all such purposes. Colored paints will be found the most serviceable, the coloring matter in the paint adding from two to three years to the life of the coating.

Tomorrow, you'll know why so many people get such real enjoyment out of life!

## CO. TRACK MEET AT ROFF APRIL 11-12

The sixth annual track and field meet of the schools of Pontotoc county will be held at Roff April 11 and 12. The first general session will be held Friday evening at 7:30 and Saturday will be occupied with the various events of the organization.

The track events will consist of all that usually compose the athletic program, and twelve penants and \$125 worth of medals awarded to the winners. In such a long list of events almost any boy or girl will be in line for something.

The literary events will consist of declamation contests, readings, music, debate, spelling, etc.

This meet has grown in interest from year to year and this one promises to eclipse all others. Roff is making special preparations and a long list of contestants is expected.

## TO BED GROUCHY WAKE UP FEELING GLORIOUSLY

Wonderful How Calotabs, the Perfect Nauseless Calomel, Makes You Feel So Good the Next Morning.

Doctors say that the old-style calomel was the best medicine in the world and the only thing that would straighten out a disordered liver, but it had some serious drawbacks. The salivating and the sickening after-effects made many people dread to take it. The new calomel called Calotabs, have all the liver benefits left in and the sting taken out. Now you can take calomel without the slightest objection. One Calotab on the tongue at bedtime with a swallow of water, that's all. No taste, no danger, no griping, no nausea, no salts. Next morning your liver is clean, your system purified and you are feeling like a two-year-old, with a hearty appetite for breakfast. Eat what you please, no danger.

Calotabs are so delightful that your druggist will refund the price if you are not delighted with them. Sold only in original sealed packages, price thirty-five cents. All druggists now have Calotabs.—Adv.

## UNION VALLEY

Our Sunday School is progressing very nicely. Everyone is invited to come and take part in it.

Jack Adams returned from overseas Sunday. To show that he was welcome a large crowd visited him Sunday afternoon.

Mr. and Mrs. Adams had as their visitors Sunday evening: Mamie Turner, Rosa Zohner, Robert Hoggart, Orain Ross, Linda Turner and Mr. and Mrs. Fletcher.

Clifford Voyles was a visitor of this community Sunday evening. Louis Blackwell has the mumps.

As a general rule the people of this community raise a big cotton crop, but this year they are planting more feedstuff.

Mr. and Mrs. Armstrong visited Grandma and Grandpa Armstrong Sunday.

Preaching at Union Valley Sunday morning. Everybody invited to come.

Miss Rosa Zohner was a Saturday night guest of Linda Turner.

The farmers are getting along very well with their work. Wheat and oats around here look well.

Mrs. Lue Zohner and son were visiting his sister Saturday night and Sunday near Byng.

Mrs. Ada Sparks and daughter were visiting Mrs. Turner Sunday evening.

Mr. Sam Mayfield and Mr. Jones motored to Ada Saturday.

Mrs. Reed visited Mr. and Mrs. Aitcher Sunday evening.

Miss June Gray was the guest of Susie Ganch Sunday.

## COLBERT NEWS.

Miss Ola Sales was the Sunday guest of Miss Azzie Woods.

Mr. and Mrs. Jennings McAnally and Misses Emma Dodd and Ona Balthrop were visiting Mrs. Bazemore Sunday.

Singing Sunday night was well attended and a good singing also Sunday afternoon.

Mrs. Florence Arnett was the Saturday night and Sunday guest of her mother, Mrs. Bazemore.

The party given at Mrs. Dodds, honoring Miss Ona Balthrop, was well attended and all reported a good time.

Miss Ethel McAnally was a Stonewall visitor Saturday night and Sunday, returning home Monday afternoon.

Miss Ona Balthrop and Miss Emma Dodd were seen in Ada Sunday afternoon.

After singing Sunday afternoon there was quite a crowd went kodaking, the parties being Misses Ona Balthrop, Azzie Woods, Ola Sales, Gladys Griffith and Emma Dodd and Mr. Beneley Sales.

Gilford Woods was a Stonewall visitor Sunday.

There will be singing every Sunday afternoon. Everybody is invited.

Mrs. Cassady of Knox was visiting her mother, Mrs. Dodd, Sunday.

## Sanitary Requirements for Soldiers.

So you think your home could qualify for the billeting of soldiers? It is not likely that the young man who thought scarcely six places in Ada could qualify for that purpose had the house itself particularly in mind, that he was questioning if the housewives disinfected the kitchen sink and other plumbing or washed the ice box and its drain pipe as often as necessary, but rather if they had cleaned the yard. If the adjacent yards, the alley and street, if the slope of the yard is such that all water drains away from the use? If you have a tank for rain water is it closely covered? What about the tin cans; are they turned so they can't catch and hold water—either that or the bottom cut out or punched in holes? Is there an accumulation of rubbish that when stirred yields up the aggressive mosquito thirsting for human blood? Have you or your neighbor a screened receptacle for the barnyard manure? Either that or it should be spread early and often if it is not to supply the entire town with flies.

Where would these soldiers eat? Are the groceries clean enough to supply the food if a critical eye from the public health service looked them over—the lunch counters, hotels, restaurants, soda fountains, bakeries, dairies, meat markets, etc. Would they all be given a placard stating they had been inspected and found sanitary to a degree sufficient to allow them to serve the men in uniform?

Won't one of the soldiers who served, a turn as K. P. in one of the Texas camps write the News if they were overrun with flies there?

One of the best sections of Ada in wet seasons has mosquitoes borne on every balmy breeze. Gen. Goethals riddled even the swamp ridden Canal Zone of that pest. As there is no present prospect of any studendous government project in our midst it looks like the Women's Auxiliary would have to clean up Ada without waiting on the government. Won't you help?

To cleanse the blood, strengthen the kidneys and regulate the stomach, liver and bowels, Prickley Ash Bitters is a remedy that has proved its worth. It promotes activity in body and brain.

Gwin & Mays Drug Co. Special Agents. Price \$1.00 per Bottle.

"That perfect 36" have you seen it? Of course it takes on that sombre khaki hue which has caused thousands of men to make hits where otherwise they would have been passed by unnoticed. But the style of this particular model is exceptionally striking—see McSwain!!

40c Plate Lunch, Harris Hotel Cafe, 11:30 to 2:00.—New Management. 3-3-1mo

## HICKORY GROVE.

Most of the farmers have their corn planted. Some few have a stand of corn up.

A great many of this community attended the exhibition at Franks school house Friday night. All report a nice time.

Mrs. Maggie Ponichia of this community died Thursday night. The funeral was held at Hickory Grove cemetery.

Misses Ella and Laura Ardrey visited Miss Glenaris Ellis of Pleasant Hill. Several others were there also and a delightful kodaking party was organized.

There will be preaching here Sunday and Sunday night. Everybody invited.

Charlie Edwards had the bad luck to break down his car Sunday.

W. B. Lansford was visiting at the home of Tom Holt Sunday.

Miss Lora Holt, the daughter of Tom Holt, is visiting relatives in Ada this week.

## WHEN YOU HAVE YOUR HOUSE WIRED

Don't forget:

The little switch at the head of your cellar stairs and at the foot of the attic stairs.

The switches which enable you to turn on the upstairs or downstairs hall lights from either floor.

The useful lights on front and backporch which add distinction to your home, provide convenience for the caller and furnish protection for your family by night.

The easily reached pull sockets for individual control of lights—easy to find in the dark.

The proper number of baseboard receptacles in every room in order that you may use the many inexpensive electrical conveniences that make entertaining easier and housekeeping a pleasure.

Ask us for figures on wiring your home—an inquiry places you under no obligation.

ADA, OKLAHOMA

## STEEDMAN.

The farmers are all busy in the field planting corn as there is a good acreage being planted this year. Oats and wheat are looking the best for years and there will be a good acreage of cotton and feed crops planted and we hope not to have to depend on other states and counties to furnish Steedman next year.

There was a nice rain Saturday night but some think not enough.

School is progressing nicely with a good attendance so far and Sunday school is well attended.

Dave Reeves has opened up a new store in the Odom building, also Walter Odom has opened up the store of Odom & Son in the building they bought of Mr. Moody.

John Garrett bought a fine cow in Ada last Saturday.

Bud Blackburn, Sam Murray, Walter and Tommie Ford motored to Allen Saturday evening.

R. H. Reynolds made a business trip to Ada Saturday.

Clint Allred arrived home last Friday from overseas. He looks fine and healthy, but says he is glad to be

at home and we are glad to have him back. While he was in France he never reached the firing line as he loaded too late.

Steedman is still without a depot agent which makes it unhandy as there is lots of freight and express for this place and now all goods are unloaded either at Allen or Lula.

John Kite who has had the mumps was able to be in town Friday. Glad to see him out.

Jess Edwards and J. C. Stevens took two auto loads to Ada Saturday. Grandpa Barnett is reported to be some better.

Paul Cozad, the son of H. L. Cozad, who had his leg broken over a month ago is just able to sit up.

W. L. Odom who has been sick for a long time is much better and hopes he will soon be out and around again. PIONEER.

See me before equipping your car. Try Racine tires.—Ford Service Station 229-231 East Main. 3-12-1mo

Bring in that picture and let me frame it for you.—C. A. Cummins. 1-15-1f

## BYNG NEWS.

The people in this neighborhood have enjoyed the pleasant showers of the past few days.

Mrs. Nattie Stephens spent two days of last week with her brother, Johnnie Myers of Egypt.

Mrs. Duty visited Mrs. Hensley, Sunday afternoon.

We have organized a Sunday school at New Bethel. Hope it will be a success as we are so much in need of a Sunday school. Everyone is invited to come and help us.

The box supper was well attended last Wednesday evening. The proceeds were eighty dollars.

Byng had quite a few visitors Sunday afternoon namely: Miss Vernie Ebrite, Mr. and Mrs. Johnson and Mr. and Mrs. Grisham of Ada, Mr. and Mrs. Stephens, Mr. and Mrs. Myers and Miss Martin of Egypt.

We have two new families in our town. They are S. A. Burks and W. Moore of Ada.

The singing at Mrs. Johnson's home Sunday night was well attended. They had good singing.

Mrs. Control of Egypt visited Mrs. John Graham Saturday night and Sunday.

Mr. and Mrs. W. H. Butcher made a flying trip to Ada Thursday afternoon.

Mrs. Lue Penrod, Mrs. Legg, Mr. and Mrs. Nattie Stephens, Mrs. Willie Allen, Miss Bertha Dickey, Mr. Claude Ferguson and Mr. Fletcher Flowers were visitors in Ada Saturday.

The power plant is progressing nicely. A number of new constructions are being made.

A number of the young folks had an enjoyable time kodaking Sunday afternoon.

Mrs. Ferguson is on the sick list this week.

Miss Eulah Rains and Mrs. T. M. Jones visited Mrs. John Laxton Friday.

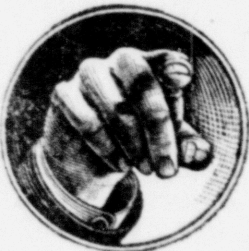

Mrs. Laxton's baby is ill of the measles.

Clarence Jones spent the night with Heber Myers of Egypt Saturday night.

T. M. Jones' mother of Ada, and cousin of Ardmore, spent Wednesday night with him.

T. M. Jones made a business trip to Ada Tuesday.

There will be preaching at New Bethel Saturday night, Sunday and Sunday night. Come and hear some good preaching. GRAY EYES.

# PRINCE ALBERT

the national joy smoke

Copyright 1919  
by R. J. Reynolds  
Tobacco Co.

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidors—and—that classy, practical pound crystal glass humidors with sponge moistener top that keeps the tobacco in such perfect condition.

**PUT** a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

## ROSEDALE.

We are having nice weather for farming now.

A good rain fell Saturday night. Misses Eunice and Stella Miller visited Miss Mattie Parker Sunday. Bro. Robertson from Vanoss preached at Rosedale last Sunday and Sunday night. A large crowd attended both services.

The teachers and pupils of the Rosedale school took their dinner

Tuesday and went over into Mr. Oilphants pasture kodaking. All reported a very pleasant day.

Mr. J. D. Hudson has bought a new Ford.

Miss Lucile Tracy was the Saturday night and Sunday guest of Miss Erma Hudson.

Mr. and Mrs. Joe Miller and little daughter Mabel went to Ada Tuesday. Mrs. Miller and children visited

Morris Parker's family Saturday night and Sunday.

Misses Mabel McKeel and Mary Walker visited Miss Stella Ellard Sunday.

Miss Leata Oliphant was the guest of Misses Stella Ellard and Madie McKinley Sunday.

J. T. Webb and family made a flying trip to the Choctaw last week returning Saturday night. ROSE.

A notable date in the history of Ada enterprise

# FRIDAY, APRIL 4th LUCY GATES

America's Marvelous Coloratura Soprano

A good old fashioned American name attached to a wonderful American voice.

All America honors this greatest of American sopranos, and Ada is furnished a rare opportunity to enjoy the best the country affords.

**NOTICE!** All seats must be checked, including season tickets. Ticket board at Gwin-Mays after one o'clock tomorrow.

A. L. FENTEM,  
Principal High School.

# FRENCH IDEAS GAIN GROUND

DELEGATES ASSURE NEWS-  
PAPER THAT FRENCH ARE  
GAINING FAVOR.

By the Associated Press

PARIS, April 3.—(Havas)—The newspaper *Matin* has been assured by several members of the French peace delegation that French ideas on the terms of the peace treaty and other matters are gaining ground, and that an understanding has almost, if not entirely, been reached.

Regarding the subject of financial demands to be imposed on Germany, the *Echo de Paris* says the council of four believes Germany will be able to pay immediately 6,000,000,000 francs in money of various kinds. Deliveries of raw materials and manufactured goods from Germany, it says, will reach an undetermined amount which some optimists estimate will amount to 30,000,000,000 francs.

# SUNDAY SCHOOLS AND CHURCHES PLAN DRIVE

In furthering the plan for advancing the religious interests of the city, a joint committee on "Go to Sunday School and Church Day" held a meeting Wednesday evening in the study of Rev. Dunn, pastor of the Christian church, with Mr. Dunn acting as chairman and Robert Bradley as secretary.

A committee of three was appointed to direct the advertising and publicity.

It was decided that May 11 be designated as "Go to Sunday School and Church Day," and that a united effort be made by all the churches to this end.

Sunday, April 27, was designated as the day for an attendance contest between the men and women, including the boys and girls. May 4 will be another important day in the series, this being an attendance contest between those below sixteen and those above that age.

The climax of the campaign will come on May 11, which will be known as Everybody's Day when the general results will be summed up.

# HEAR LUCY GATES SING FRIDAY NIGHT

If you were to read in bold headlines from The Daily Oklahoman or Tulsa World that "Lucy Gates is Coming" I dare say there are quite a number from here who would knit their brows and feel of their purse and finally decide that it would be worth their while to go hear her even at the expense of railroad fare, hotel bills and the numerous other expenses involved in the trip, aside from the ticket to Lucy Gates' concert. But now that she is coming to sing within our own city gates how much more convenient and with what little expense it is our privilege to hear this wonderful American production. And while she has yet a fresh young voice and will doubtless continue to develop and to broaden in an artistic sense for years to come, she is already a full-fledged singer of great power vocally. Then everyone who is a lover of music should seize this opportunity of hearing this really enjoyable singer. She has toured with the New York Symphony Orchestra under Walter Damrosch, singing in concert at New York, Chicago, Philadelphia, Washington and other large cities.

# MRS. J. C. CATES ANSWERS LAST SUMMONS

Mrs. Mary J. Cates died at her home, 130 East 14th street, Wednesday afternoon at 3 o'clock.

Mrs. Cates was born in Watauga County, N. C., July 3, 1842. Fifty-six years ago she married J. C. Cates with whom she has climbed the hill of life and reached its snowy summit where she beheld the river of death and fearlessly launched out upon its waters when the messenger of the King was waiting to comfort her. She leaves her aged comrade whose brow is frosted with the winters of life and three daughters, Mrs. Green of Cushing, Mrs. Burton of Tulsa, and Mrs. J. W. Westbrook of Ada.

Mrs. Cates joined the Baptist church in 1868. Those who know her best remember her as having so lived that when her summons came to join that innumerable caravan which is moving to that Great White City she approached her grave "like one who wraps the drapery of his couch about him and lies down to peaceful slumber."

Funeral services were conducted this afternoon at her home at 3:30 o'clock by Rev. E. A. Hardee and C. C. Morris of the two Baptist churches of the city.

Notice, Subscribers. Some changes were made in the carrier boys Monday and the public is asked to be patient with errors if any occur. Just notify Mrs. Riddle in case you are missed and you will be given attention. Under the new plan it is believed that the subscribers will get quicker service.

THE EVENING NEWS.

# YE EDITOR'S TROUBLES

The Poor Editor is holding his head. A Merchant has just been in and told him to Raisell with the Mail Order houses. The Merchant does not believe in Advertising and uses Stationery furnished by an Axtle Grease concern. No Wonder the Poor Editor is holding his head.

# THE TRAIN BUG

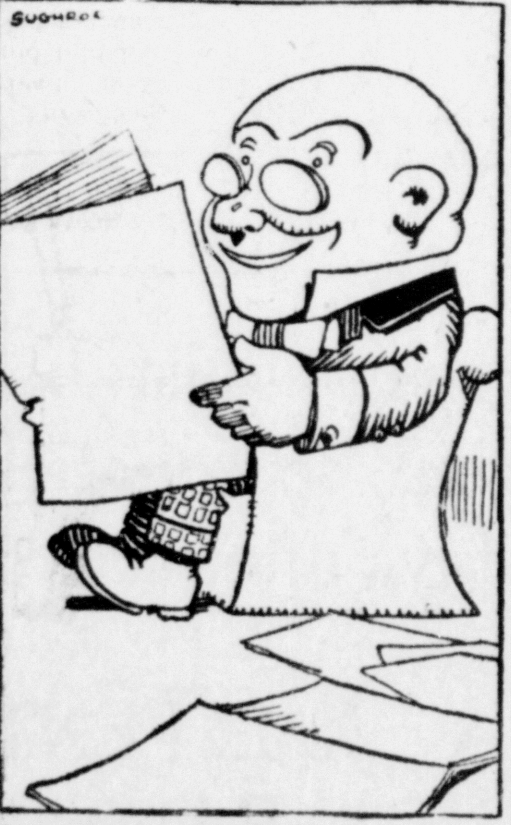

Here we have the Car Inspector. He makes the Trains every day to see if the Wheels are all on the Pullmans. He knows when No. 3 is late and why the Porter on No. 1 got Fired last week. Anybody who gets in or out of Town without his Finding It Out is a Regular Slicker!

# THE TRAVELING MAN

Pipe the gay Traveling Man with his Green Hat and Flashy Scenario. His Specialty is to sit in the Hotel Window watching the Pretty Girls go by. The rest of the Time he goes around telling the Merchants to Stock Up because Prices are going Higher, Higher Higher in the Morning.

# THE NEWSPAPER BALL FAN

The man seldom comes from behind his Paper until the Baseball season is over. Right now he is in the last half of the Ninth, score 0 to 0, with two men out. He is a Newspaper Baseball Fan and never saw a Big League in his life, but he is a Redhot Fan just the same.

Mrs. A. M. Stuart, who has been the guest of Mrs. John Agnew, returned to her home at Centrahoma this morning.

Who is Whipkey? He will speak next Sunday morning and evening at the Methodist church. 4-3-3f

Mrs. W. W. Sledge and Paul Alderson returned Wednesday afternoon from a visit to Ardmore, making the trip in their car.

Fleet Cooper's automobile laundry now open. Cars laundred \$1.00. Fleet Cooper garage service first. 3-31-6f

Fred and Will Schreiber and Jerry Smathers left this morning for Wapauka to play for a dance at that place this evening and also one at Tishomingo Friday evening.

Lieut. W. D. Hays returned from Fort Logan, Colo., this morning where he has been stationed during his term of service in the U. S. army. He has been given his discharge.

A number of property owners of East 12th street held a meeting at the News office Wednesday evening to discuss the question of paving the street, but arrived at no definite conclusion.

# TODAY'S RELIGIOUS THOUGHT

**Evil Ever Fears the Good.**  
"And Saul was afraid of David, because the Lord was with him, and was departed from Saul." 1 Samuel 18:12-28.

Saul was convinced by David's success, his power to win and hold men, his self-possession, and the esteem of other men. Because Saul knew himself to be inferior, and saw that his inferiority was manifest to all observers, he was not glad for David, a man in his service, to be clearly owned and blessed of God. Saul was without excuse even in his own eyes and he was condemned in the supreme court of his own Conscience. Saul did not reason correctly. He said that the Lord had departed from him, when the truth was that he had departed from the Lord. The unhappy king was afraid and without hope. Looking backward he had few glad memories, and looking to the future he had no hope.

# AT THE PLAY HOUSES

# Liberty.

Another evening of merriment and entertainment by Margaret Lillie's Show Girls. The picture program features Carmel Myers in "Who Will Marry Me?" Here is a splendidly balanced program.

# American.

Enrico Caruso, who is varying his musical career with work on the moving picture stage, will appear in the Paramount drama, "My Cousin." It is right up to the high standard maintained by the Paramount people.

# The Library.

Consider what you have in the smallest chosen library. A company of the wisest and wisest men that could be picked out of all civilized countries, in 1,000 years, have set in best order the results of their learning and wisdom. The men themselves were hid and inaccessible, solitary, impatient of interruption, forced by etiquette; but the thought which they did not uncover to their bosom friend is here written out in transparent words to us, the strangers of another age.—Emerson.

# To Remove Varnish Stains.

To remove varnish stains, first wet the spots with alcohol two or three times, then rub with a clean cloth. If the color is injured, sponge afterward with chloroform to restore it, unless the color is blue, in which case vinegar should be used instead.

Let a Want Ad get it for you.

THE MAN'S STORE

# BAPTIST FIFTH SUNDAY MEETING

The fifth Sunday meeting of Pontotoc County Baptist Association convened with the First Baptist Church of Roff, Okla., on Thursday, March 27, at 7:30 p. m. While some of the churches in the association were not represented, a good number of the pastors and messengers were present and were welcomed and were very hospitably entertained by the church and the good citizens of Roff.

An interesting program had been prepared and many things were discussed that are of interest to the work of the Baptists in this Association. The meeting was continued through Friday and Saturday and was pronounced by all who attended to be one of the best meetings ever held in the Association. Rev. R. E. L. Ford, the missionary, was elected to preside as moderator.

On Friday evening Rev. C. C. Morris, pastor of the First Baptist Church of Ada delivered a lecture on his experiences while in France in the Army Y. M. C. A. work. The house was filled and those present were captured by the new pastor of the Ada church and pronounced his lecture the best and most interesting they had ever heard by any one who had been to the front in the world war.

Bro. Ford, the missionary of the Association, made his report of the work done by him since the last meeting of the Association and reported that the Baptists in this territory are becoming interested and that the work in the rural districts is developing and that great good is being done. A great many of the preachers and messengers remained over Sunday and had the pleasure of attending the Sunday School at the Baptist Church of Roff, which is one of the best Sunday Schools in the state. A special program had been arranged and the collection amounting to \$51.92 was appropriated for home and foreign missions.

At 11 o'clock the preachers and deacons present were invited by the Roff church to assist in ordaining three deacons who had been elected by that church. Rev. E. J. Mathews preached the sermon and the ordination service was conducted by Rev. R. E. L. Ford. The service was a very impressive one and was enjoyed by all present.

# H. S. Athletic Notes.

Due to the fact that Roff changed the date of the County Track Meet, Ada will not send a team to the meet as the county track meet conflicts with the High School Field Day, which will take place on the High School grounds Friday the 11th. Trophies and prizes have been obtained and there is much interest and rivalry shown between the squads of the military unit. The regular schedule of athletic events will be staged and the public at large will be invited to see the Ada boys perform.

The Ada Team will be entered in the District Track Meet to be held here April the 18th and 19th. Although handicapped, due to the late arrival of equipment, the boys are working hard and are determined to win the meet.

# Announcement.

There will be church at Walnut Grove Sunday, April 6. Everybody invited.
